

# SECRETO Newsletter

18 December 2017

## Thank you

Thank you all for entering and updating the missing data on the OpenClinica! We are now in the process of analyzing the data for ESOC 2018 abstracts. Authorships will be based on actual contributions and fitted according to ESOC abstract submission system.

## Some remarks on entering data into OpenClinica

Please note that when entering patient/control consent data, the question 1 b) Shipment of the samples is related to the **consent of shipment**, not to whether or not the samples have already been shipped.

1a) Storage of samples:  no \*   yes

1b) Shipment of samples:  no \*   yes

Accordingly, if the patient/control has checked "yes" to question 1 b) on the consent form, the same info should be saved in this point.

## Sample shipment

Status of the actual **sample shipment** shall be recorded at 12-month follow-up on eCRF:

### SAMPLES 12M Version 1.0

▼ CRF Header Info

', 'yes', and 'pending'. The 'yes' option is selected. The 'Shipment date:' field contains '25-May-2015' and has a calendar icon and a flag icon. At the bottom, there are 'Return to top', 'Save', and 'Exit' buttons." data-bbox="530 365 895 505"/>

## Changes in Biobank personnel

There has been a change in the personnel in our Biobank, and therefore, we will soon send you an updated version of the Specimen Treatment, Packing and Shipment leaflet. In the meantime, if you are sending samples, please inform the following persons beforehand:

Arja Terola: [arja.terola@thl.fi](mailto:arja.terola@thl.fi)

Sini Lähtenmäki: [sini-orvokki.lahtenmaki@thl.fi](mailto:sini-orvokki.lahtenmaki@thl.fi)

Päivi Laiho: [paivi.laiho@thl.fi](mailto:paivi.laiho@thl.fi)

# Happy Holiday Season!
